

SLEEPONE CPAP

SleepOne CPAP creates a high comfort therapy for fixed pressure OSA patients. Small, lightweight and robust design makes it very portable together with universal power supply. Easy to adjust integrated heated humidifier, wide pressure range operation, Auto on and off functions fulfill all the needs for a successful therapy.

Forget about costly accessories, you do not need to pay much for a decent therapy. No need to pay for getting your sleep data. Everything is included in this small, durable machine for a comfortable night sleep. A data logging function ensures you get the right therapy all the time. Bundled with the SleepOne Software package, you can get your reports with just connecting the device with a USB cable. Whether you use an AutoCPAP or a standard one; nightly reports could be fetched from the device with the aid of the SleepOne Software.

Internal power supply, ensures easy handling during travel and prevents the bulky mess in your bedroom. Only a thin power cable is enough to run the device. Optional accessories are available on demand. An oxygen enrichment adapter; a converter for use with 12V jack in the cars, trucks and boats;

SleepOne Platform gives the patient comfort, reliability and cost effectiveness.
